

LEAD ON INTUITION

Gregory Beebe · Author | Mentor | Speaker

Team Alignment Workshop

Onsite across New England · Half-day round-table · One company, one team · Six to nine participants

This is not a theoretical talk about team dynamics. It is a working session on yours. We use your leaders' Clarity Assessment™: Deep Dive results and your staff's Team Dynamics Pulse data to map where the team sits today, then work through the moves to advance it.

WHAT WE WORK THROUGH

• Where You Lead From

Leaders share their own Deep Dive results first. When the person in charge goes first, honesty becomes the standard rather than the exception.

• A Common Vocabulary

The team leaves with the same words for how it operates. Once people can name what is happening, they can raise it without it becoming personal.

• Map the Center of Gravity

Look at the aggregate for the team at the table. See where its center of gravity sits, strategic to tactical, and where accountability is missing.

• Chart the Next Move

Work through the concrete steps to move the team from its current stage to the next. You leave with actions, not theory.

WHAT YOU LEAVE HOLDING

THE CONTRACTING LEADER

- The full Team Report
- An Engagement Summary: center of gravity, primary constraint, high-risk moments
- Anonymous 90-day priorities

EVERY PARTICIPANT

- Their own Clarity Assessment™: Deep Dive
- A two-page Team Report
- A common team vocabulary

YOUR OWN DATA

Before the day, leaders and managers complete the Clarity Assessment™: Deep Dive and staff complete the Team Dynamics Pulse. Every exercise in the room runs on those results. All data confidential.

INVESTMENT

\$3,500

PER TEAM

Half-day round-table · Six to nine participants

Includes the Clarity Assessment™: Deep Dive for every participant (**\$59 each**) and the full Team Report (**\$1,000**).
At nine participants that is **\$1,531** of included product. Additional participants \$100 each.

Bring clarity onsite.

One team, one table, one focused session.

I contact you within two business days of purchase to set the date and plan logistics at your location.
